

Axil Server & Network Cabinets

Secure and scalable IT infrastructure solutions

Vented Doors

Security Locks

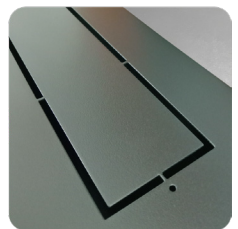

Mounting Rails

Removable Side Panels

Top Ventilation

Punch Out Cable Panels

Axil Distribution offers a comprehensive range of small, medium and large server and network cabinets that are ideal to protect your valuable data and equipment in any data center or server room environment.

Our steel data cabinets are made from high quality materials and manufactured to the highest international standards.

The cabinets are available in various (industry standard) heights to suit the size of your server room and the number of server racks required for mounting. Easily expand your network by simply mounting a new server into the existing cabinet. Rack units are commonly measured in U to accommodate the height of a server rack.

Our cabinets and racks help with neatly storing and securing equipment, cooling and airflow and ensuring easy access for maintenance and monitoring.

Features

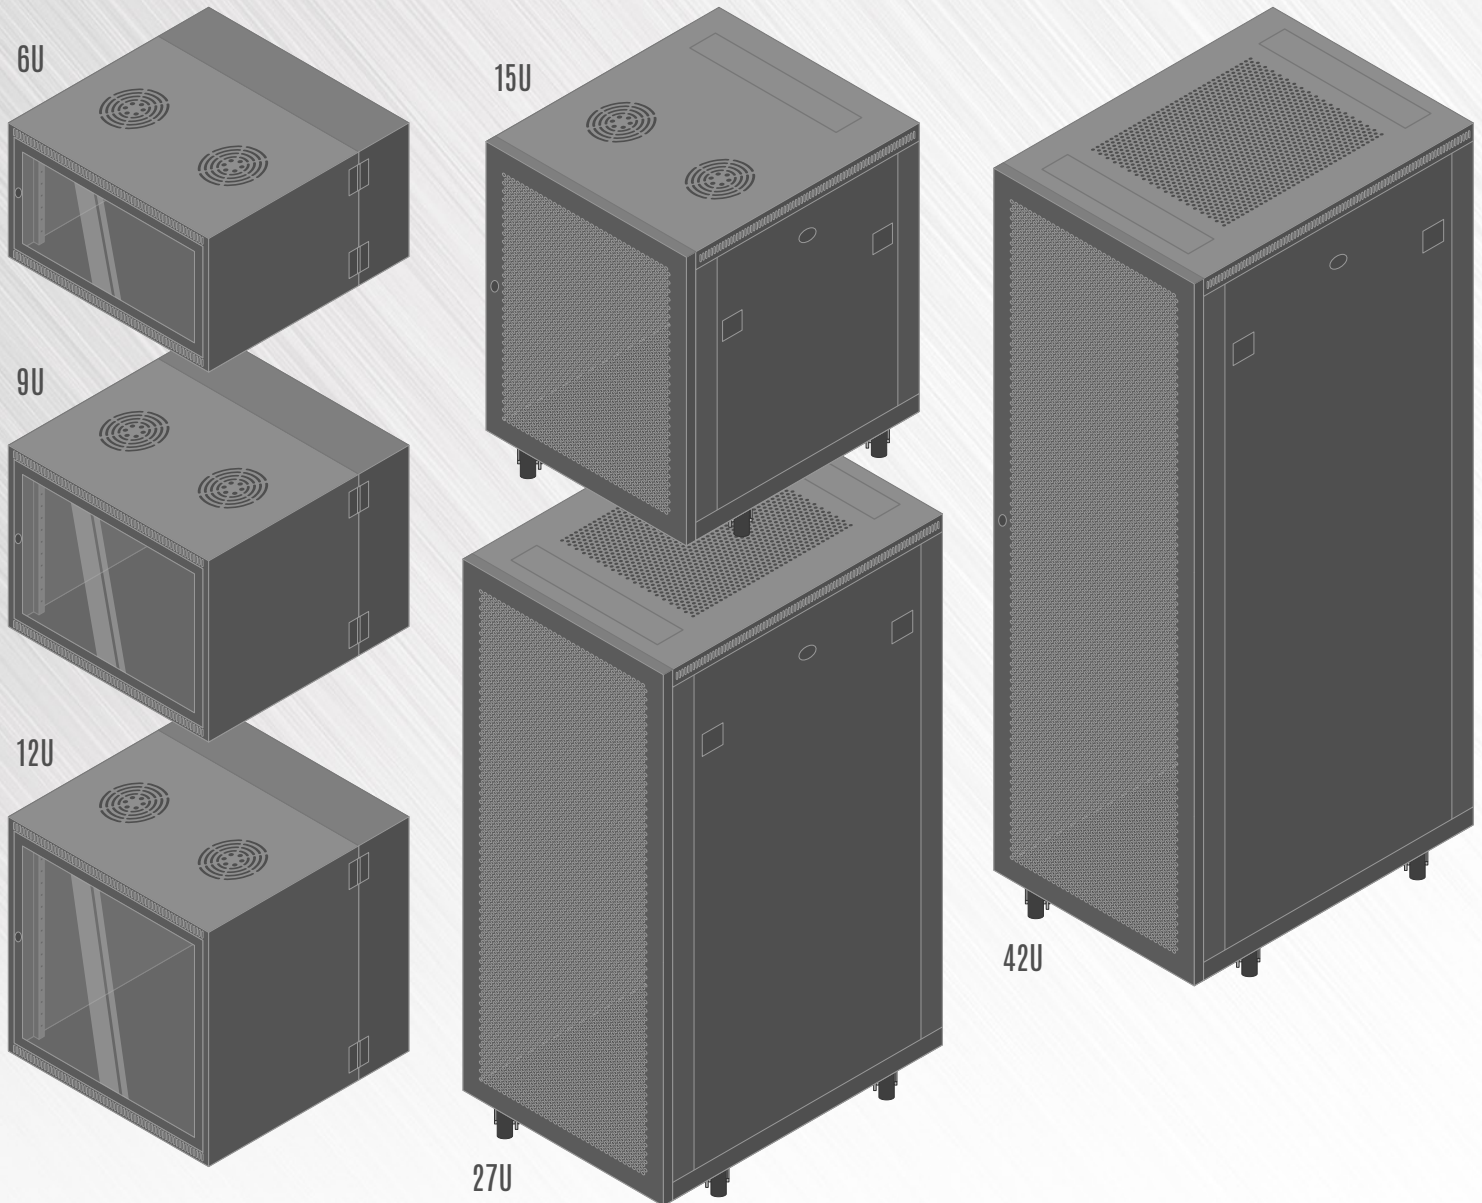

- ✓ High quality steel cabinets
- ✓ Easy assembly (bolted) and installation
- ✓ Vented doors to keep equipment cool
- ✓ Removable side panels for easy maintenance
- ✓ Lockable doors
- ✓ Tempered glass
- ✓ Integrated fan unit with power lead
