

THREE PHASE UPS

High-Performance Power Protection Designed for Maximum Efficiency and Flexibility

Boxer Series is a True Online Double Conversion, new generation fully digital controlled UPS. Its highly flexible design meets the high efficiency and high availability power needs of a wide variety of critical applications and delivers an advanced power solution with low cost of ownership.

- DSP Power Factor Corrected IGBT Rectifier
- Internal Dual Parallel Power Boards
- Low Input Current THD
- Digital Control System
- High Input Power Factor
- High Efficiency & Low Total Cost of Ownership
- Static & Manual (Maintenance) Bypass
- Flexibility
- Auto Restart
- Perfect Generator Compatibility
- EPO (Emergency Power Off)
- Reverse Energy Tolerance for Regenerative Loads
- Advanced User Interface
- Advanced Battery Management
- Parallel Operation

Boxer Series features easy and simple scalability and redundancy. It is ready to grow with your business demands. Different power-rated units and any number of UPS can be connected in parallel.

- 15 – 20 – 30 kva in 30 kva chassis
- 40 – 50 - 60 kva in 60 kva chassis
- 80 – 100 – 120 kva in 120 kva chassis
